

**See for yourself.**

## Career Path: **Business Administration**

Business majors learn to make strategic decisions and confidently lead rather than follow by mastering the basics of business. As part of Villa’s Business Administration program, you’ll learn to think critically and consider long-term plans as you study the core business functions, like accounting, marketing, economics, human resources, management, statistics, and operations.

### Internships

As you complete your degree, you’ll begin to consider what field you’d like to dedicate your career to. Completing an internship can help give you an idea about which area you feel most passionate about. To date, our students have worked in the following fields:

#### Community-Facing Career Internships

**Human Resources:** Evans Bank // Horizon Health

**Marketing:** Crowley Webb // Gelia

**Banking:** Bank of America // Evans Bank // M&T Bank
